## Hanger LIVE Conference

Managing Director Scott Wallace was the keynote speaker for the Hanger LIVE conference January 23-25, where he spoke on improving health outcomes. Hanger LIVE is an annual educational event where professionals in the orthotic and prosthetic industry come together to network, learn, and share.

## Welcome, Brenda and Lauren!

We want to welcome Brenda Garza and Lauren Acosta to the team! Brenda is the senior qualitative research coordinator responsible for conducting all aspects of the Value Institute's qualitative research related to clinical transformation and innovation. Lauren is the senior research writer responsible for researching and writing memos, case studies, articles, communication and marketing documents, and other value-based health care delivery and strategy materials.

## Business Group on Health

Scott Wallace and MS in Health Care Transformation alum Jim Huffman participated in the panel, "Moving Away from Fee-for-Service and Driving Value in Value-based Care," for the Business Group on Health Employers' Summit. The summit allows employers to collaborate and discuss solutions for providing more cost-effective and high-value benefits and managing cost pressures.

## Upcoming Information Sessions

We are offering multiple info sessions in February for the MS in Health Care Transformation program. If you're interested in learning more, reserve your spot today!

## Tell Us About Your Experiences at Ascension Seton

We want to learn about people's experiences with childbirth and pelvic floor surgery for a project we are partnering on with Ascension Seton. We invite you to participate in a one-time, virtual group conversation to share your experiences. You will receive a \$50 gift card for sharing your time and expertise with us.
